Stand*ART* of Digital Signage

C-nario Cube™

The only video wall processor combined with digital signage software for remote management, content creation and show control, providing an industry-first viewer experience on any multi display environment

- The first to scale to any size video wall, seamless projection, or multi-screen collage with pixel perfect resolution
- Delivers content from dozens of live High Definition video sources to a multitude of screens or video walls
- Cleverly balances between real-time created content, stored content and captured inputs, at high definition resolution and full frame rate
- Perfect synchronization between screens

Who is C-nario Cube intended for?

C-nario Cube is geared for industries where **live** content, real-time data feeds and high visual effects are an important component of their multi-screen displays and applications:

- Entertainment
- Sporting events and stadiums
- Financial institutions
- Branded retail
- Real time shows where high quality and on-the-spot changes are required

C-nario Cube - Addressing the Demand for Exceptional Viewer Experience

Providing an advanced and innovative display on a multitude of screens or projectors arranged in various forms:

- Video walls
- Seamless projection
- Collages
- Synchronized multi-floor displays

Distributore per l'Italia : www.digivision.it
DIGIVISION srl - Viale Piave 3 - 20129 MILANO Italy
telefono ++39 02 7600 7932 - fax ++39 02 7601 6305
Ufficio vendite e-mail : vendite@digivision.it

Before C-nario Cube...

One had to select various products from different vendors:

- Video wall processor
- Playback technology
- Real-time content creation tools
- Rendering engines
- Remote management solution
- Show control system

Non-integrated solution

Technically challenging

Costly and complex

Distributore per l'Italia : www.digivision.it
DIGIVISION srl - Viale Piave 3 - 20129 MILANO Italy
telefono ++39 02 7600 7932 - fax ++39 02 7601 6305
Ufficio vendite e-mail : vendite@digivision.it

After C-nario Cube...

An **integrated system** combining video wall processor and digital signage functionality:

- Breaking the boundaries of:
 - Size
 - Resolution
 - Number of inputs/outputs and also the boundaries of traditional screen arrangements
- Unlimited scale while maintaining pixel-perfect resolution
- Content creation tools supporting any resolution
- Managing the delivery of multiple sources cost efficiently

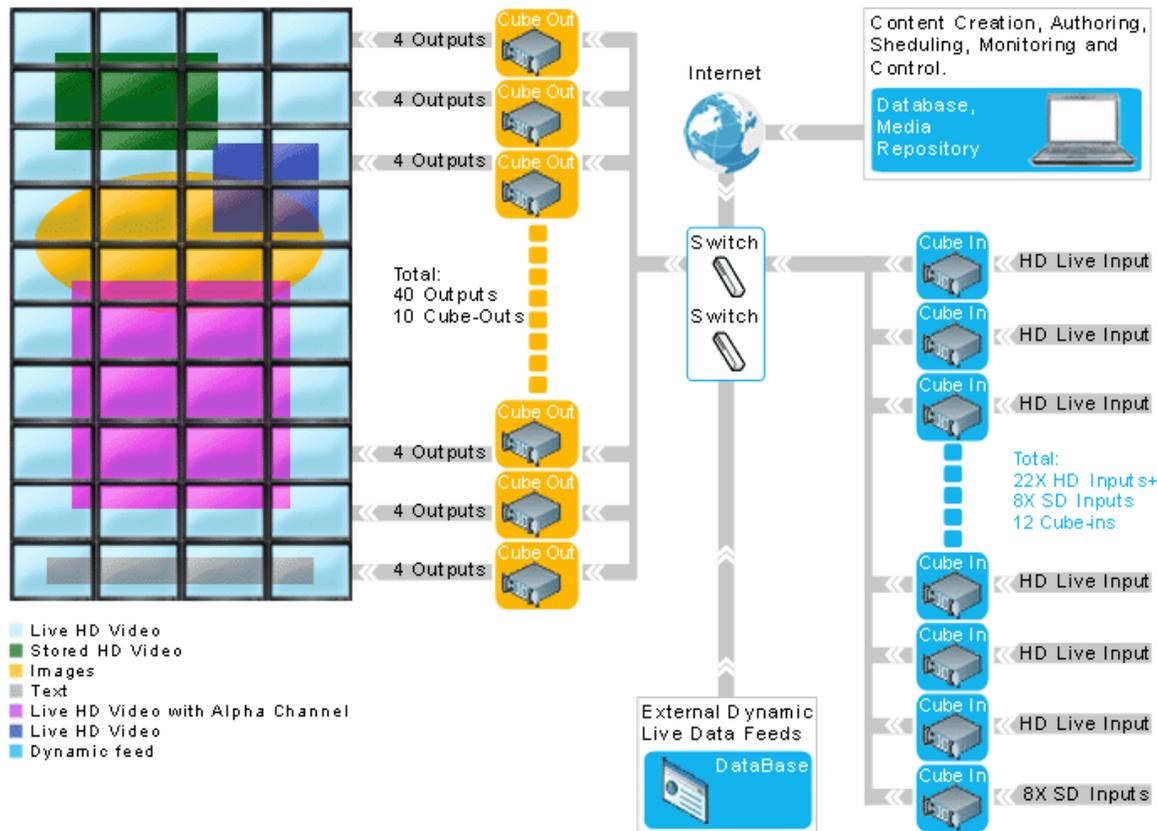

All-in-one solution, fully integrated tools, low cost of ownership

C-nario Cube – A Modular Solution

Distributore per l'Italia : www.digivision.it
 DIGIVISION srl - Viale Piave 3 - 20129 MILANO Italy
 telefono ++39 02 7600 7932 - fax ++39 02 7601 6305
 Ufficio vendite e-mail : vendite@digivision.it

Benefits

- A complete solution – content sourcing, content routing and control
- Infinitely scalable architecture
- Pixel perfect content for most content types
- Balances between real-time created content, stored content and captured live inputs, at high definition resolution and full frame rate
- Optional timeline-based show control functionality

Distributore per l'Italia : www.digivision.it
DIGIVISION srl - Viale Piave 3 - 20129 MILANO Italy
telefono ++39 02 7600 7932 - fax ++39 02 7601 6305
Ufficio vendite e-mail : vendite@digivision.it

Benefits – Cont.

- Content creation tools providing real time composition at post production quality. Alpha keyed layering of all content types including video (smooth motion, transparency, etc.)
- Unique infrastructure for dynamic data rendered at the display side at pixel perfect resolution without requiring a physical input
- Rich back-end software platform including scheduling, management, communication and monitoring tools
- Takes advantage of latest hardware capabilities overcoming existing limitations inherent with “traditional video wall processors”
